

- We have given our team the option of wearing a face mask whilst carrying out their duties. If you feel more comfortable wearing a face mask, then please continue to do so.
- While bar service has been reintroduced, we recognise that not everybody will be ready for that just yet. We can still offer table service. If you require table service then please let a member of our team know.
- Although it's no longer a legal requirement, we're still displaying NHS QR code posters for any customers who wish to check in using the app.
- We'll continue to uphold the highest hygiene standards, including regular cleaning regimes and ensuring that plenty of hand sanitiser is available.
- We're keeping our table layout exactly the same indoors, to allow plenty of space.

Please be as considerate as you can to other guests and be kind to our team whilst we all adjust to these latest changes.
